

DEMONSTRATION SCHEDULE

9:30–11:30, lunch break, 1:00–4:30

AREA 1

Kurt Hertzog

9:30-11:30 am

A Collection of Goodies and Good for What?

Kurt Hertzog will demo and share ideas on a collection of goodies that inhabit the penturning world. As usual, Q&A as time permits so bring your problem questions and parts.

Mark Gisi

1:00-2:45 pm

Truly Unique Pen Blanks

Mark Gisi will show you the method he uses to create the one of a kind pen blanks that he and Brian Gisi are known for throughout the world.

Harold Lee

3:00-4:30 pm

Can I Do All That With a Slimline?

Harold Lee will open your eyes with all of the adaptations and permutations that can be made with the slimline kit.

AREA 2

Joe Wagner

9:30-11:30 am

Texturing and Project Ideas Acorn Box

Inventor of the Wagner Texturing Tool, Joe has used this and other homemade tools to produce beautiful work with flair for decades. Learn the tips and tricks Joe uses to create great looking projects and how he creates specialty tools to solve problems.

Joe Wagner

1:00-2:45

Sea Urchin Ornament

In this demonstration Joe will take you step-by-step through the process of creating a beautiful Sea Urchin Ornament.

Megan Williams

3:00-4:30 pm

Woodburning

Learn how you can add another dimension to your work with woodburned patterns, textures and geometric designs.

AREA 3

Ray Key

9:30-11:30 am

Box Making

World renowned woodturner Ray Key will demonstrate an array of box making techniques that he's developed over the years as one of the world's finest box makers. Ray will discuss basic box types and the fundamentals of creating a perfect box no matter the style.

Ray Key

1:00-2:45 pm

Turning Platters

Known around the world for his beautiful wooden platters, Ray will take you step-by-step through the process of creating a great looking

platter including proper tool techniques, methods for creating clean cuts on high figured areas and important design elements.

Mike Mahoney

3:00-4:30 pm

Free-hand Bowl Coring with McNaughton System

No one knows more about free-hand bowl coring than Mike Mahoney. Mike will demonstrate proper techniques for bowl coring along with methods for rechucking and the basics of making nested bowl sets.

AREA 4

James Barry & Jamie LaMuraglia

Trend Sharpening & AirShield Products Ongoing Demonstrations

Visit our friends from Trend Products, makers of the popular Trend AirShield Pro and Trend Diamond Sharpening products and see what their range of premium quality woodturning and woodworking products can do for you. 20% Off All Trend Sharpening Products + Purchase a Trend AirShield Pro and receive a \$25 gift card FREE!

AREA 5

Mike Nish

9:30-11:30 am

Dynamic Coloring

Join Mike as he demonstrates how to create spectacular visual effects using our improved and expanded range of Artisan coloring dyes. Techniques including multi-color layering, color washing, how to determine the best application based on material, and finishing will be covered.

Kirk DeHeer

1:00-2:45 pm

Oneway Bowl Coring

If you've considered bowl coring to get a better yield on material or create nested bowls but are intimidated by free-hand system, this demonstration is perfect for you. Kirk will demonstrate the Oneway Bowl Coring System, the many advantages it offers and welcomes attendees to give a try.

Kirk DeHeer

3:00-4:30 pm

Making a Norse Bowl

In this demonstration Kirk will demonstrate how to take an otherwise plain wood bowl blank and create a stunning Norse bowl by combining surface texturing, metallic gilding pastes and brilliant coloring dyes.

AREA 6

Curtis O. Seebeck

Curtis is a master stabilizer and creator of Cactus Juice Stabilizing Resin. He is here today to teach you how to stabilize pen and project

blanks with Cactus Juice and how stabilizing can help you take your turnings to the next level.

Basics of Wood Stabilization

9:30-11:30 am

3:00-4:30 pm

In this demo, Curtis will demonstrate the basic steps of wood stabilizing and the many benefits it offers. The do's and don'ts of selecting material, preparing and techniques for turning and finishing stabilized wood will be covered.

Advanced Wood Stabilization

1:00-2:45 pm

In this demo, Curtis will demonstrate how to utilize coloring dyes and scents to create stunning blanks that smell great too!

AREA 7

Nelson Cassinger

Segmented Turning Techniques Ongoing Demonstrations

Master segmented woodturner Nelson Cassinger will demonstrate how easy creating segmented work can be using a few simple tools and techniques. Demonstrations will alternate between Basic Segmented Bowl Making using the Cassinger Layout Template and creating Bangle Bracelets for fun and gift giving.

AREA 8

Stan Record

Sharpening Basics and Techniques Ongoing Demonstrations

Learning how to properly sharpen is paramount to success in all aspects of woodturning. Stan will demonstrate how to utilize the Oneway® Wolverine Sharpening System and Raptor accessories to create a precision sharpening system that produces near perfect results every time you sharpen. Standard tool profiles along with specialty grinds including the popular "double bevel" will be demonstrated. Bring your dull tools and we'll make sure they're razor sharp when you leave!

AREA 9

Dale Dallon

A favorite instructor here at our Woodturning Workshops, Dale will demonstrate how to turn several fast and fun kitchen projects.

9:30-11:30 am

Crush Grind Pepper Mills

1:00-2:45 pm

Kitchen Utensil Holder

3:00-4:30 pm

Cork Trivets

AREA 10

Wayne Davies

Wayne will be demonstrating how to turn the projects listed below. Emphasis on tool technique, design and finishing options including using CA glue will be covered in detail.

9:30-11:30 am

Shaving Kits and More

1:00-2:45 pm

Shaving Brush and Soap Dish

3:00-4:30 pm

Turning a Closed End Razor

AREA 11

Guilio Marcolongo

9:30-11:30 am

Turning a Scalloped Box

Guilio will take you step by step through the process he uses to produce his signature Scalloped Box.

Barry Surplice

1:00-2:45 pm

150 Years of English Tool Making History

Join us for a tour of the Henry Taylor Tools manufacturing facility to see the fascinating process and learn the history and tradition behind the making of the worlds finest carving and turning chisels.

Guilio Marcolongo

3:00-4:30 pm

Turning an Off-Center Lidded Box

In this demo, Guilio will take you step by step through the process he uses to produce his signature Off-Center Lidded Box. Demo includes finishing with super glue and decorative texturing.

AREA 12

Stuart Mortimer

Ongoing Demonstrations

Stuart will be demonstrating all of the steps and tools necessary to produce his trademark twisted works.
